BUSINESS HAZARDOUS WASTE: Loudoun County hosts two Business Hazardous Waste Clean Waste events annually. Only Loudoun County businesses that are Conditionally Exempt Small Quantity Generators (CESQGs) may participate. A CESQG is a business that either generates less than 100 kilograms (about 220 pounds or 27 gallons) of hazardous waste per calendar month or produces less than one kilogram (about 2.2 pounds or ¼ of a gallon) of acutely hazardous waste per calendar month.

Businesses must pre-register for the Clean Waste Program. Call the Office of Solid Waste Management at (703) 777-0187 for the date and time of the next Clean Waste Program Collection Event. For more information about this program and pre-registration forms, please go to <http://www.loudoun.gov/oswm/clean.htm>.

If your business does not qualify as a small quantity generator, contact one of the following disposal companies to arrange for hazardous waste collection.
